

# Wholesale Supply

Sustainable seafood is what we're known for, and it's our mission to see wild-caught seafood on as many plates as possible. Supporting sustainable fishing practices ensures the preservation of marine ecosystems, and (pretty importantly for you) it tastes better! By offering wholesale ordering, we're able to get you the best quality seafood for the best price.

CUSTOMISED PRICING

All of our seafood is seasonally wild-caught along the coast of BC and Alaska. When you buy local, you get complete supply chain transparency and enjoy the freshest, most natural taste while supporting local fishermen and fishmongers.

WILD PACIFIC SALMON | HALIBUT | CRAB | PRAWNS | CLAMS | MUSSELS

## OUR STORY

# We are bound to the sea, stewards with a passion to protect and share the abundance of the ocean.

Once you've witnessed the sun rise slowly, a burnt orange on the ocean horizon, felt the sea water sting your face as your boat breaks over the waves, and tasted the sweetness of freshly caught bounty from the sea, your heart will sing knowing the ocean is a magical gift. It's our mission to share our respect for the sea and the gifts it provides with every person we meet. To share stories of the real, local people who work hard to ensure sustainable fishing practices are upheld, and to invite everyone to indulge in the flavour of seafood—fresh from the sea, caught right here on BC's beautiful coast.
